President's Message

After a brief hiatus, the Chapter newsletter is back in production and we have a great meeting topic planned for July – Mark Hydeman has graciously offered to provide our Chapter a glimpse into the thinking and rationale behind the new Title 24 2005 Nonresidential Energy Standard HVAC requirements. Take a look at the meeting announcement for more details.

Otherwise, I get the sense from many folks in the industry that these are busy times. Whether it's recuperating from the effects of hosting and/or participating in the United Nations World Environment Day in San Francisco last month or being involved in California's "green power revolution" (as USA Today reports) or managing the growth of our own research, businesses and client base. These are all good signs that the energy efficiency and management industry plays an important role in the health of California's economy and citizenry.

While we're going to skip a meeting in August (due to summer schedules), we look forward to bringing you additional topics and speakers of interest around these issues in the Fall. Have a great Summer.

Bruce

Bay Area Chapter

AEE Bay Area Chapter serves as a unique forum for the discussion of energy issues and concerns. AEE Bay Area Chapter provides common professional meeting ground for facility managers, design and specifying engineers, utility and vendor representatives and energy researchers to participate in vigorous peer-to-peer dialogue, learning and group discussion.

AEE Bay Area Chapter strives to provide quality professional development opportunities that build knowledge and skills through meetings, seminars and publications. Emphasis is placed on:

- Assessing the applicability of emerging technologies, and
- Improving the performance and reliability of current technologies.

Meetings are typically held on the fourth Tuesday of the month. All interested persons are welcome to attend, participate and join the Chapter. If you are interested in joining the AEE Bay Area Chapter, you can contact Stan Boghosian at (510) 845-7468, or you can directly download a mail-in membership application from the AEE website at: <http://www.aee-sf.org/form.rtf> or

Do you know someone who might be interested in joining AEE Bay Area Chapter?

The benefits of joining include:

- Participating in exciting and informative programs
- Receiving a monthly newsletter containing information on meetings, events, and job openings
- Communicating with other energy professionals

For membership application:
