President's Message

Welcome back from your summer of grand adventures, busy work schedule, idle rest and relaxation or a combination of all three. (You know what they say about moderation.) While the Chapter took a two-month meeting and newsletter hiatus, the work and notoriety of our esteemed efforts continued to make a difference on the national scene.

We recently heard from the AEE Foundation Scholarship Committee that all three of our Chapter's nominees for student scholarships received awards. Congratulations to Emmanuelle Khoii, Joshua Lowery, and Lawrence W. Nti at SF State University for your hard work and commitment to the energy engineering field.

Just as our excitement was waning over this big news, we heard from Albert Thumann that our humble Chapter by the Bay received the national, **Best Overall Chapter Performance Award!** Congratulations to you all and thank you for your hard work. The Award will be presented at the World Energy Congress in Austin, Texas on September 21. For more details on this important networking and educational conference, visit www.energycongress.com.

Continuing on in the tradition of coordinating with ongoing events, the AEE will promote its local activities in Booth 1526 at the Northern California Plant Engineering and Facilities Maintenance Show, to be held Sept. 22 and 23 at the Santa Clara Convention Center. Directed to the interests of engineering community in the Bay Area and Silicon Valley, the event, produced by Cygnus Expositions, features exhibits and seminars, both free to attendees.

JOB OPPORTUNITY FOR ENERGY ENGINEER

Brown, Vence and Associates is expanding its staff in San Francisco. If you have experience working as an energy engineer and are looking for a new opportunity, we would like to talk to you. Ideal candidate has experience conducting lighting and HVAC energy audits, has an engineering degree, and a P.E. or E.I.T. In addition, experience with cogeneration, water conservation and green building design is helpful. Good writing skills are required. Please email resume to Leslie Kramer:

President's Message Cont.

Conference topics will include electrical systems, building and fire codes, predictive maintenance, solar power, mold and indoor air quality, emergency response planning, and Six Sigma. The hours for the event are 10 a.m. to 4 p.m. on both days. More information on attending the show and conference sessions can be obtained from the web-site: www.proshows.com/ncpe, or by calling Cygnus at (800) 548-1407.

Lastly, we'll be having a Chapter Board Meeting immediately preceding this month's presentation on September 28th. Let me know if you'd like to add anything to the agenda or provide some general feedback. Take a look at this month's meeting announcement and we'll see you there!

AEE Bay Area Chapter serves as a unique forum for the discussion of energy issues and concerns. AEE Bay Area Chapter provides common professional meeting ground for facility managers, design and specifying engineers, utility and vendor representatives and energy researchers to participate in vigorous peer-to-peer dialogue, learning and group discussion.

AEE Bay Area Chapter strives to provide quality professional development opportunities that build knowledge and skills through meetings, seminars and publications. Emphasis is placed on:

- Assessing the applicability of emerging technologies, and
- Improving the performance and reliability of current technologies.

Meetings are typically held on the fourth Tuesday of the month. All interested persons are welcome to attend, participate and join the Chapter. If you are interested in joining the AEE Bay Area Chapter, you can contact Stan Boghosian at (510) 845-7468, or you can directly download a mail-in membership application from the AEE website at: <http://www.aee-sf.org/form.rtf> or <http://www.aee-sf.org/form.doc>

Do you know someone who might be interested in joining AEE Bay Area Chapter?

The benefits of joining include:

- Participating in exciting and informative programs
- Receiving a monthly newsletter containing information on meetings, events, and job openings
- Communicating with other energy professionals

For membership application:
**Contact Stan Boghosian
(510) 845-7468.**

Membership applications may be downloaded from the AEE website at:
