## President's Message

Here we are at the tail end of 2005....already! Maybe this year's record-setting hurricane season had something to do with speeding up time through sheer wind speed.

As we enter the annual season of various traditions, holidays, feasting, and gift-giving, I'm proud to be a part of the annual AEE tradition of recognition: the AEE SF Bay Chapter Awards and "Banquet". This year we're honoring eight local, dedicated energy, water, and greenhouse gas-oriented professionals and two scholarly energy engineering students from San Francisco State University. In addition, the Chapter will be supplementing a scholarship award that the two students received from the National AEE organization.

Please take a look at the list of your esteemed peers in the newsletter and come join us on Monday, December 12 at Pyramid Brewery (Berkeley) to toast their achievements.

To a safe and enjoyable holiday season,

*Bruce*
